

CONTENTS

SECTION 1

DISORDERS OF BODY FLUID VOLUME AND ELECTROLYTE COMPOSITION

Chapter 1 • Disorders of extracellular fluid volume	3
Chapter 2 • Disorders of plasma osmolality and intracellular fluid (ICF) volume	15
Chapter 3 • Disorders of body fluid potassium	24
Chapter 4 • Disorders of body fluid proton concentration	31

SECTION 2

GLOMERULAR DISEASES

Chapter 5 • Glomerulonephritides	45
Chapter 6 • Glomerular disease in systemic disorders	57

SECTION 3

RENAL FAILURE

Chapter 7 • Chronic renal disease	69
Chapter 8 • Acute renal failure/Acute kidney injury	82

SECTION 4

RENAL REPLACEMENT TREATMENT

Chapter 9 • Dialysis	109
Chapter 10 • Renal transplantation	123

SECTION 5

THE KIDNEY IN PREGNANCY

Chapter 11 • Physiology of the kidney in pregnancy 139

Chapter 12 • Renal disorders and pregnancy 143

SECTION 6

DEGENERATIVE AND HEREDITARY RENAL DISORDERS

Chapter 13 • Renal cystic disorders 151

Chapter 14 • Hereditary non-cystic renal disorders 154

APPENDICES

Appendix 1 • Disorders of urinary apparatus 165

Appendix 2 • Correct use of diuretics 173

Appendix 3 • Globalization, migration and renal diseases 177
